According to Financial Statement Quarter 1/2026, profit after corporate income tax is VND 3.5 billion decreased VND 11.4 billion in comparison with the same period of last year, mainly due to the following reasons:

- Total operating revenue increased by VND70.4 billion (56%) over the same period, primarily due to revenue growth from operations. Of which:
  - Revenue from securities brokerage increased by VND 13.1 billion (47%).
  - Lending activities increased: interest from loans and receivables increased by VND 25.2 billion (36%).
  - For proprietary trading activities: Profit from financial assets recognized through profit/loss (FVTPL) increased by VND 21.8 billion thanks to increased investment portfolio value.
- Total expenses increased by VND 81.7 billion (74%), mainly due to increased financial costs, including interest expenses and the impact of exchange rate differences.

## **Phu Hung Securities Corporation Statement of the Board of Management**

The Board of Management of Phu Hung Securities Corporation (“the Company”) presents this statement and the accompanying interim financial statements of the Company for the three-month period ended 31 March 2026.

The Company’s Board of Management is responsible for the preparation and true and fair presentation of the interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 (“Circular 210”) issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies, Circular No. 334/2016/TT-BTC dated 27 December 2016 (“Circular 334”) issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to interim financial reporting. In the opinion of the Board of Management:

- (a) the interim financial statements set out on pages 6 to 64 give a true and fair view of the financial position of the Company as at 31 March 2026, and of its results of operations and its cash flows for the three-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular 210, Circular 334 and the relevant statutory requirements applicable to interim financial reporting; and
- (b) at the date of this statement, there are no reasons to believe that the Company will not be able to pay its debts as and when they fall due.

The Board of Management has, on the date of this statement, authorised the accompanying interim financial statements for issue.

On behalf of the Board of Management

Mr. Chen Chia Ken

## INTERIM FINANCIAL STATEMENTS REVIEW REPORT

### To the Shareholders Phu Hung Securities Corporation

We have reviewed the accompanying interim financial statements of Phu Hung Securities Corporation (“the Company”), which comprise the statement of financial position as at 31 March 2026, the statements of income, cash flows and changes in equity for the three-month period then ended and the explanatory notes thereto which were authorised for issue by the Company’s Board of Management on 5 May 2026, as set out on pages 6 to 64.

### Management’s Responsibility

The Company’s Board of Management is responsible for the preparation and true and fair presentation of these interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 (“Circular 210”) issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies, Circular No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to interim financial reporting, and for such internal control as the Board of Management determines is necessary to enable the preparation of interim financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor’s Responsibility

Our responsibility is to express a conclusion on these interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review engagements No. 2410 – *Review of interim financial information performed by the independent auditor of the entity*.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Auditor's Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements do not give a true and fair view, in all material respects, of the financial position of Phu Hung Securities Corporation as at 31 March 2026 and of its results of operations and its cash flows for the three-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for Enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies and Circular No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to interim financial reporting.

These notes form an integral part of and should be read in conjunction with the accompanying interim financial statements.

**1. Reporting entity**

**(a) Establishment**

Phu Hung Securities Corporation (“the Company”) is a joint stock company established in Vietnam under Establishment and Operation Licence No. 122/GP-UBCK dated 20 January 2016 issued by the State Securities Commission of Vietnam. The Establishment and Operation Licence has been amended many times, and the most recent of which was Establishment and Operation Licence No. 102/GPDC-UBCK dated 24 December 2024 issued by the State Securities Commission of Vietnam.

The Company was established on the basis of combining Phu Hung Securities Corporation (“PHS”) – established under Establishment and Operation Licence No. 23/UBCK-GPHDKD dated 1 December 2006 and An Thanh Securities Joint Stock Company (“ATS”). Accordingly, the Company took over all of the assets, liabilities, rights and obligations of PHS and ATS as at 19 January 2016 and PHS and ATS ceased their operations from 20 January 2016. Assets and liabilities of PHS and ATS as at 19 January 2016 were transferred to the Company at book value and the net asset (total assets – total liabilities) of PHS and ATS as at 30 September 2015 formed the share capital of the Company at that date.

The Company’s shares are registered for trading on the Unlisted Public Company Market (“UPCOM”) with the code PHS in accordance with Decision No. 475/QD-SGDHN issued by Hanoi Stock Exchange on 19 July 2019.

**(b) The Company’s charter capital**

As at 31 March 2026 and 31 December 2025, the Company’s charter capital was VND2,000,098,190,000.

**(c) Principal activities**

The principal activities of the Company are to carry out securities brokerage, securities trading, margin lending, securities investment advisory, securities custody and securities underwriting activities.

**(d) Normal operating cycle**

The normal operating cycle of the Company is generally within 12 months.

**(e) Number of employees**

As at 31 March 2026, the Company had 256 employees (31/12/2025: 274 employees).

*dated 27 December 2016 of the Ministry of Finance)*

## **2. Basis of preparation**

### **(a) Statement of compliance**

The interim financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 (“Circular 210”) issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies, Circular No. 334/2016/TT-BTC dated 27 December 2016 (“Circular 334”) issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to interim financial reporting.

### **(b) Basis of measurement**

The interim financial statements, except for the statement of cash flows and financial assets at fair value through profit or loss as described in Note 4(d), are prepared on the accrual basis using the historical cost concept. The statement of cash flows is prepared using the indirect method.

### **(c) Annual accounting period**

The annual accounting period of the Company is from 1 January to 31 December. These interim financial statements are prepared for the three-month period ended 31 March.

### **(d) Accounting and presentation currency**

The Company’s accounting currency is Vietnam Dong (“VND”), which is also the currency used for financial statement presentation purpose.

## **3. Adoption of new guidance on Accounting System for Enterprises**

On 27 October 2025, the Ministry of Finance issued Circular No. 99/2025/TT-BTC providing guidance on the Vietnamese Accounting System for Enterprises (“Circular 99”). Circular 99 replaces the previous guidance on Vietnamese Accounting System for Enterprises under Circular No. 200/2014/TT-BTC dated 22 December 2014 (“Circular 200”) and other circulars amending and supplementing Circular 200. Circular 99 is effective from 1 January 2026 and applicable for accounting periods beginning on or after 1 January 2026.

The Company has adopted the applicable requirements of Circular 99 effective from 1 January 2026 on a prospective basis, unless Circular 99 stipulates otherwise. The significant changes to the Company’s accounting policies and the effects on the interim financial statements, if any, are disclosed in Note 4(b).

*dated 27 December 2016 of the Ministry of Finance)*

**4. Summary of significant accounting policies**

The following significant accounting policies have been adopted by the Company in the preparation of these interim financial statements.

Except as presented in Note 4(b) of the interim financial statements, the accounting policies that have been adopted by the Company in the preparation of these interim financial statements are consistent with those adopted in the preparation of the latest annual financial statements.

**(a) Foreign currency transactions**

Transactions in currencies other than VND during the period have been translated into VND at rates approximating actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the account transfer selling rates at the end of the accounting period quoted by the commercial bank where the Company most frequently conducts transactions at the end of the accounting period.

All foreign exchange differences are recorded in the statement of income.

**(b) Cash and cash equivalents**

Cash comprises cash on hand, cash in banks and cash deposits for securities transactions clearing and settlement of securities transaction. Cash deposits for securities transactions, securities transactions clearing and settlement of the customers are separated from the Company's accounts.

*Before 1 January 2026*

Cash equivalents are short-term investments with term to maturity of not more than 3 months, which are readily convertible to known amount of cash and are subject to an insignificant risk of changes in value.

*From 1 January 2026*

Cash equivalents are short-term investments with term to maturity of not more than 3 months, which are readily convertible to known amount of cash and are subject to an insignificant risk of changes in value. Cash equivalents exclude cash and cash equivalents restricted for use, which were pledged with banks as security for loans granted to the Company.

**(c) Financial assets and financial liabilities**

**(i) Recognition**

Financial assets and financial liabilities are recognised in statement of financial position when the Company becomes a party to the contractual provisions of the financial assets and financial liabilities.

**31 March 2026 (continued)**

**Form B09a – CTCK**  
*(Issued under Circular No. 334/2016/TT-BTC*  
*dated 27 December 2016 of the Ministry of Finance)*

**(ii) Classification and measurement**

- Financial assets at fair value through profit or loss (“FVTPL”): see Note 4(d);
- Held-to-maturity investments: see Note 4(e); and
- Loans receivable: see Note 4(f).

Except for covered warrant payables which are classified as financial liabilities at FVTPL as described in Note 4(h), the Company classifies all of its financial liabilities as financial liabilities measured at amortised cost.

**(iii) Derecognition**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

**(iv) Offsetting**

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when and only when the Company has a legal right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

**(d) Financial assets at FVTPL**

A financial asset at fair value through profit or loss is a financial asset that meets either of the following conditions:

- It is considered by management as held for trading. A financial asset is considered as held for trading if:
  - it is acquired principally for the purpose of selling it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by the Company as at fair value through profit or loss.

Financial assets at FVTPL are initially recognised at cost which include purchase price only. Any transaction costs are charged to the statement of income in the period in which the costs are incurred. Subsequent to initial recognition they are measured at market price or fair value (when market price is not available) with changes in market price or fair value being recognised in profit or loss in the statement of income.

For listed securities, the market prices are the closing prices of securities from the Ho Chi Minh City Stock Exchange and the Hanoi Stock Exchange at the latest trading date prior to the end of the accounting period.

**Form B09a – CTCK**  
*(Issued under Circular No. 334/2016/TT-BTC*  
*dated 27 December 2016 of the Ministry of Finance)*

For securities registered for trading in Unlisted Public Company Market (“UPCOM”), the market prices are the closing prices of securities from UPCOM at the latest trading date prior to the end of the accounting period.

For securities which are unlisted and not yet registered for trading, the market price is the average price of the transaction prices at the latest trading date prior to the end of the accounting period but within one month from the reporting date provided by three securities companies which are not related to the Company. In case there are no transaction prices within this period, no allowance is required.

For delisted securities and securities for which trading has been suspended or cancelled from the sixth day onward, the fair value is the book value at the latest balance sheet date.

Investments in equity instruments are stated at cost if there are no market prices and their fair values cannot be determined reliably.

**(e) Held-to-maturity investments**

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and a fixed maturity that the Company has the positive intention and ability to hold to maturity, other than:

- those that the Company on initial recognition designates as at fair value through profit or loss;
- those that the Company on initial recognition designates as available-for-sale; and
- those that meet the definition of loans and receivable.

Held-to-maturity investments which comprise term deposits at banks and unlisted bonds are stated at cost. Subsequent to initial recognition, these are stated at amortised costs less allowance for held-to-maturity investments. Any discount or premium are amortised on a straight-line basis over the term of the investments.

**(f) Loans receivable**

Loans receivable are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

Loans receivables comprise margin loans and advances to customers for the proceeds from selling securities and are stated at cost less allowance for doubtful debts. Allowance for doubtful debts is determined based on the difference between the market price or fair value of the collateral and the gross carrying amount of underlying loan receivables at the end of the accounting period.

**(g) Accounts receivable**

Receivables from sales of financial assets and services rendered and other receivables are stated at cost less allowance for doubtful debts.

Allowance for doubtful debts is made based on the overdue status of debts or expected losses on undue debts which may occur when an economic organisation is bankrupted or liquidated; or debtor is missing, running away, being prosecuted, in prison, under a trial or pending execution of sentences or deceased.

**Form B09a – CTCK**  
*(Issued under Circular No. 334/2016/TT-BTC*  
*dated 27 December 2016 of the Ministry of Finance)*

The allowance for doubtful debts based on overdue status is made by reference to overdue status as follows:

<i>Overdue status</i>	<i>Allowance rate</i>
From six (06) months to less than one (01) year	30%
From one (01) year to less than two (02) years	50%
From two (02) years to less than three (03) years	70%
From three (03) years and over	100%

For overdue debts, the Company's management also assesses the expected recovery of the debts in determining the allowance.

Allowance for doubtful debts based on the expected losses of undue debts is determined by the Company's management after giving consideration to the recovery of these debts.

**(h) Covered warrants**

Covered warrants gives its holder the right to buy (call warrant) or sell (put warrant) underlying securities to issuing organisations at a predetermined price, on or before a predetermined date, or to receive the difference between the exercise price and the underlying securities price at the exercise date.

The Company accounts for covered warrants in accordance with the guidance of Circular No. 23/2018/TT-BTC issued by the Ministry of Finance on 12 March 2018, details as follows:

- When issuing covered warrants to investors, the Company recognises an increase in covered warrants payables. The number of warrants allowed to issue are monitored in off-statement of financial position.
- Covered warrants are initially recognised at cost and subsequently measured at market value.
- Cost of issuance of covered warrants are recognised as expense when incurred.
- Covered warrants are derecognised upon:
  - reaching maturity;
  - delisted or terminated following Stock Exchange's decision; and
  - completion of sale or transfer process.

**(i) Tangible fixed assets**

**(i) Cost**

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition for its intended use. Expenditure incurred after tangible fixed assets have been put into operation, such as repairs and maintenance and overhaul cost, is charged to the statement of income in the period in which the cost is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

**(ii) Depreciation**

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

Leasehold improvements	5 years
Office equipment	3 – 7 years
Motor vehicles	3 – 4 years
Fixtures and fittings	5 years

---

**(j) Intangible fixed assets**

**Software**

Cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible asset. Software cost is amortised on a straight-line basis over a period ranging from 3 to 7 years.

**(k) Construction in progress**

Construction in progress represents the costs of tangible and intangible fixed assets which have not been fully completed or installed. No depreciation is provided for construction in progress during the period of construction and installation.

**(l) Long-term prepaid expenses**

Long-term prepaid expenses comprise of tools and instruments which include assets held for use by the Company in the normal course of business whose costs of individual items are less than VND30 million and therefore not qualified for recognition as fixed assets under prevailing regulations. Cost of tools and instruments are amortised on a straight-line basis over a period ranging from 2 to 3 years.

**(m) Trade and other payables**

Trade and other payables are stated at their cost.

**(n) Provisions**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

***Severance allowance***

Under the Vietnamese Labour Code, when an employee who has worked for 12 months or more (“the eligible employees”) voluntarily terminates his/her labour contract, the employer is required to pay the eligible employee severance allowance calculated based on years of service and employee’s compensation at termination. Provision for severance allowance has been provided based on employees’ years of service and their average salary for the six-month period prior to the end of the accounting period. For the purpose of determining the number of years of service by an employee, the period for which the employee participated in and contributed to unemployment insurance in accordance with prevailing laws and regulations and the period for which severance allowance has been paid by PHS, ATS and the Company are excluded.

**(o) Taxation**

Income tax on the profit or loss for the period comprises current and deferred tax. Income tax is recognised as expense/income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the end of the accounting period, and any adjustment to tax payable in respect of previous periods.

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using tax rates enacted or substantively enacted at the end of the accounting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

**(p) Share capital**

**(i) Ordinary shares**

Ordinary shares are stated at par value. Incremental costs directly attributable to the issue of shares, net of tax effects, are recognised as a deduction from share premium.

**(ii) Repurchase and reissue of ordinary shares (treasury shares)**

Treasury shares are recognised only in respect of repurchased shares which are aggregated fractions of share arising when the Company issues shares to pay dividends or issues shares from equity reserves in accordance with an approved issuance plan, or repurchased odd-lots of shares as requested by the shareholders. In all other cases, when shares recognised as equity are repurchased, their par value amount is recognised as a reduction to share capital. The difference between the par value and the amount of the consideration paid, which includes directly attributable costs, net of tax effects, is included in share premium.

**(q) Statutory reserves**

On 17 December 2021, the Ministry of Finance issued Circular No. 114/2021/TT-BTC (“Circular 114”) to abolish Circular No. 146/2014/TT-BTC (“Circular 146”) dated 6 October 2014 issued by the Ministry of Finance to provide guidance on the financial regime for securities companies, fund management companies. Circular 114 is effective from 1 February 2022. Consequently, the Company has ceased to allocate realised profit to statutory reserves since 2022. According to Circular 114:

- The balance of reserve to supplement charter capital that has been provided for under Circular 146 would be used to supplement charter capital as promulgated under Securities Law No. 54/2019/QH14 and other legal regulations.
- The balance of financial reserve that has been provided for could be used to supplement charter capital or distributed in accordance with the shareholders’ decision as promulgated under Securities Law No. 54/2019/QH14 and other legal regulations.

On 20 April 2023, the Company’s General Meeting of Shareholders approved to transfer the outstanding balance of financial reserve to retained profits. As of the date of issuance of these interim financial statements, the Company has not yet made any decision regarding the outstanding balance of reserve to supplement charter capital.

**(r) Revenue**

**(i) Gains from sales of financial assets**

Gains from sales of financial assets is recognised in the statement of income upon receipt of the order matching reports of securities transactions from Vietnam Securities Depository and Clearing Corporation (“VSDC”) (for listed securities) and completion of the agreement on transfer of assets (for unlisted securities).

**(ii) Dividend and interest income from financial assets**

Dividend income is recognised in the statement of income when the Company's right to receive dividends is established. Share dividends are not recognised as income.

Interest income is recognised in the statement of income on a time proportion basis with reference to the principal outstanding and the applicable interest rate. Interest income also includes amortisation of discounts, premiums, interest received in advance or differences between the value at initial recognition and par value at maturity date.

**(iii) Revenue from securities brokerage activities**

Revenue from securities brokerage activities is recognised in the statement of income when the securities transactions of the customer have been processed.

**(iv) Revenue from securities custody activities**

Revenue from securities custody activities is recognised in the statement of income when the service is rendered.

**(v) Revenue from securities investment advisory and financial advisory activities**

Revenue from securities investment advisory and financial advisory activities is recognised in the statement of income in proportion to the stage of completion of the transaction. The stage of completion is assessed by reference to work performed.

**(s) Interest expense**

Interest expense is recognised as an expense in the statement of income on accrual basis.

**(t) Operating lease payments**

Payments made under operating leases are recognised in the statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the statement of income as an integral part of the total lease expense.

**(u) Earnings per share**

The Company presents basic and diluted earnings per share ("EPS") for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to the ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of all dilutive potential ordinary shares.

**(v) Segment reporting**

A segment is a distinguishable component of the Company that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Company's primary format for segment reporting is based on business segments.

**(w) Related parties**

Parties are considered to be related to the Company if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Company and the other party are subject to common control or significant influence. Related parties may be individuals or corporate entities and include close family members of any individual considered to be a related party.

Related companies refer to the investors and their ultimate parent company and their subsidiaries and associates.

**(x) Nil balances**

Items or balances required by Circular 334 issued by the Ministry of Finance that are not shown in these interim financial statements indicate nil balances.

**(y) Comparative information**

Comparative information in these interim financial statements is presented as corresponding figures. Under this method, comparative information for the prior period is included as an integral part of the current period financial statements and is intended to be read only in relation to the amounts and other disclosures relating to the current period. Accordingly, the comparative information included in these interim financial statements is not intended to present the Company's financial position, results of operations or cash flows for the prior period.

## **5. Financial instruments**

### **(a) Financial risk management**

#### **(i) Overview**

The Company has exposure to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Board of Directors oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

#### **(ii) Risk management framework**

The Board of Management has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Management has established the Risk Management Committee ("RMC"), which is responsible for developing and monitoring the Company's risk management policies. The RMC reports regularly to the Board of Management on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Inspection Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Inspection Committee.

### **(b) Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

To manage the level of credit risk, the Company attempts to deal with counterparties of good credit standing, and when appropriate, obtains collaterals. The management has established a credit policy under which each new customer is analysed individually for credit worthiness before the standard terms and conditions are offered.

**Form B09a – CTCK**  
*(Issued under Circular No. 334/2016/TT-BTC*  
*dated 27 December 2016 of the Ministry of Finance)*

Concentrations of credit risk that arise from groups of counterparties when they have similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The major concentrations of credit risk arise from type of customer in relation to the Company's advances to customers for proceeds from selling securities and margin loans.

***Collaterals***

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are implemented regarding the acceptability of types of collateral and valuation parameters. The main types of collateral obtained are listed securities and cash deposited at the Company. Management monitors the market value of collateral, requests additional collateral in accordance with the underlying agreement, and monitors the market value of collateral obtained during its review of the adequacy of the allowance for doubtful debts.

***Exposure to credit risk***

Not considering collaterals, the Company's maximum exposure to credit risk at the end of the accounting period was as follows:

	31/3/2026 VND	31/12/2025 VND (Reclassified)
Cash in banks and cash equivalents (i)	147,844,487,747	72,546,646,103

	5,640,252,629,662	5,411,433,458,047

**(i) *Cash in banks, cash equivalents and held-to-maturity investments***

Cash in banks, cash equivalents and held-to-maturity investments of the Company are mainly held with well-known financial institutions. Management does not foresee any significant credit risk from these deposits and does not expect that these financial institutions may default and cause losses to the Company.

**(ii) Loans receivable and other receivables**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. In response to the risk, credit limit is established for each customer, which represents the maximum open amount. The limit is reviewed annually. Customers with balances that are overdue are requested to settle the balances before further credit is granted. Customers are obliged to ensure their margin ratio is not lower than the maintenance margin ratio regulated by the Company. In case a customer's margin ratio drops below the maintenance margin ratio, the Company requires the customer to supplement additional collateral in an agreed period. If the customer does not supplement additional collateral, the Company will implement handling measures in accordance with the contract. The main types of collateral obtained are cash deposits and securities. The management of the Company monitors the market value of collateral and requests additional collateral in accordance with the underlying agreement and monitors the market price of collateral obtained during its review of the adequacy of the allowance for doubtful debts.

Loans receivable and other receivables that are neither past due nor impaired mainly relate to a wide range of customers for whom there was no recent history of default. Management believes that those receivables are of high credit quality.

An aging analysis of impaired financial assets was as follows:

	31/3/2026 VND	31/12/2025 VND
Advances to customers for securities trading activities being overdue more than 3 years	11,548,588,345	11,548,588,345

**(iii) Other current assets**

Included in current assets as at 31 March 2026 and 31 December 2025, are margin deposits for derivative securities transactions placed on demand with the Vietnam Securities Depository and Clearing Corporation (“VSDC”) and cash equivalents restricted for use.

**(c) Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company’s approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company’s reputation.

The financial liabilities with fixed or determinable payments have the following contractual maturities including the estimated interest payments were as follows:

<b>As at 31 March 2026</b>	<b>Carrying amount VND</b>	<b>Contractual cash flows VND</b>	<b>Within 1 year VND</b>

**(d) Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's results of operations or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**(i) Currency risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company is exposed to currency risk on borrowings that are denominated in a currency other than the accounting currency of the Company, which is VND. The currency in which these transactions primarily are denominated is United States Dollars ("USD").

*Exposure to currency risk*

The Company had the following net monetary asset/(liability) position exposed to currency risk:

	31/3/2026		31/12/2025	
	USD	VND equivalent	USD	VND equivalent
Short-term borrowings	(101,000,000)	(2,644,780,000,000)	(94,000,000)	(2,467,519,000,000)

**(iii) Other market risk**

Equity price risk is the risk that the market values of equities decrease as a result of changes in the values of individual securities. The equity price risk exposure arises from the Company's financial assets at FVTPL.

The Company's financial assets at FVTPL are affected by market risk arising from the uncertainty of the fluctuation of the future market price of these securities. The Company's equity price risk is managed by the management who seeks to monitor the risk through a careful selection of securities within specified limits.

At the end of the accounting period, the financial instruments exposed to the equity price risk of the Company are as follows:

	<b>Carrying amount/Fair value</b>	
	<b>31/3/2026</b>	<b>31/12/2025</b>
	<b>VND</b>	<b>VND</b>
<b>Financial instruments with equity price risks</b>

<i>Financial liabilities at FVTPL</i>		
▪ Covered warrant payables	(7,426,201,000)	(9,504,754,000)

As at 31 March 2026, if equity prices increase/decrease by 9% with all other variables being held constant, the Company's net profit would have increased/decreased by VND13,546 million (31/12/2025: if equity prices increase/decrease by 14% with all other variables being held constant, the Company's net profit would have increased/decreased by VND20,787 million).

**(e) Fair value**

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction on the measurement date.
