Phu Hung Securities Corporation

Statement of the Board of Management

The Board of Management of Phu Hung Securities Corporation (“the Company”) presents this statement and the accompanying financial statements of the Company for the year ended 31 December 2024.

The Company’s Board of Management is responsible for the preparation and true and fair presentation of the financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 (“Circular 210”) issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies, Circular No. 334/2016/TT-BTC dated 27 December 2016 (“Circular 334”) issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to financial reporting. In the opinion of the Board of Management:

- (a) the financial statements set out on pages 6 to 64 give a true and fair view of the financial position of the Company as at 31 December 2024, and of its results of operations and its cash flows for the year then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular 210, Circular 334 and the relevant statutory requirements applicable to financial reporting; and
- (b) at the date of this statement, there are no reasons to believe that the Company will not be able to pay its debts as and when they fall due.

The Board of Management has, on the date of this statement, authorised the accompanying financial statements for issue.

On behalf of the Board of Management

INDEPENDENT AUDITOR'S REPORT

To the Shareholders Phu Hung Securities Corporation

We have audited the accompanying financial statements of Phu Hung Securities Corporation ("the Company"), which comprise the statement of financial position as at 31 December 2024, the statements of income and cash flows for the year then ended and the explanatory notes thereto which were authorised for issue by the Company's Board of Management on 5 March 2025, as set out on pages 6 to 64.

Management's Responsibility

The Company's Board of Management is responsible for the preparation and fair presentation of these financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 ("Circular 210") issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies, Circular No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to financial reporting, and for such internal control as the Board of Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Company's Board of Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Opinion

In our opinion, the financial statements give a true and fair view, in all material respects, of the financial position of Phu Hung Securities Corporation as at 31 December 2024 and of its results of operations and its cash flows for the year then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for Enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies and Circular No. 334/2016/TT-BTC dated 27 December 2016 issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to financial reporting.

Form B09 – CTCK
*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. Reporting entity

(a) Establishment

Phu Hung Securities Corporation (“the Company”) is a joint stock company established in Vietnam under Establishment and Operation Licence No. 122/GP-UBCK dated 20 January 2016 issued by the State Securities Commission of Vietnam. The Establishment and Operation Licence has been amended many times, and the most recent of which was Establishment and Operation Licence No. 102/GPDC-UBCK dated 24 December 2024 issued by the State Securities Commission of Vietnam.

The Company was established on the basis of combining Phu Hung Securities Corporation (“PHS”) – established under Establishment and Operation Licence No. 23/UBCK-GPHDKD dated 1 December 2006 and An Thanh Securities Joint Stock Company (“ATS”). Accordingly, the Company took over all of the assets, liabilities, rights and obligations of PHS and ATS as at 19 January 2016 and PHS and ATS ceased their operations from 20 January 2016. Assets and liabilities of PHS and ATS as at 19 January 2016 were transferred to the Company at book value and the net asset (total assets – total liabilities) of PHS and ATS as at 30 September 2015 formed the share capital of the Company at that date.

The Company’s shares are registered for trading on the Unlisted Public Company Market (“UPCOM”) with the code PHS in accordance with Decision No. 475/QD-SGDHN issued by Hanoi Stock Exchange on 19 July 2019.

(b) The Company’s charter capital

As at 31 December 2024, the Company’s charter capital was VND 2,000,098,190,000 (31/12/2023: VND 1,500,098,190,000).

(c) Principal activities

The principal activities of the Company are to carry out securities brokerage, securities trading, securities investment advisory, securities custody and securities underwriting activities.

(d) Normal operating cycle

The normal operating cycle of the Company is generally within 12 months.

(e) Number of employees

As at 31 December 2024, the Company had 329 employees (31/12/2023: 382 employees).

2. Basis of preparation

(a) Statement of compliance

The financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for enterprises, Circular No. 210/2014/TT-BTC dated 30 December 2014 (“Circular 210”) issued by the Ministry of Finance on the promulgation of accounting guidance for securities companies, Circular No. 334/2016/TT-BTC dated 27 December 2016 (“Circular 334”) issued by the Ministry of Finance amending, supplementing and superseding Appendix 02 and Appendix 04 of Circular 210 and the relevant statutory requirements applicable to financial reporting.

(b) Basis of measurement

The financial statements, except for the statement of cash flows and financial assets at fair value through profit or loss as described in Note 3(d), are prepared on the accrual basis using the historical cost concept. The statement of cash flows is prepared using the indirect method.

(c) Annual accounting period

The annual accounting period of the Company is from 1 January to 31 December.

(d) Accounting and presentation currency

The Company’s accounting currency is Vietnam Dong (“VND”), which is also the currency used for financial statement presentation purpose.

3. Summary of significant accounting policies

The following significant accounting policies have been adopted by the Company in the preparation of these financial statements.

(a) Foreign currency transactions

Transactions in currencies other than VND during the year have been translated into VND at rates approximating actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the account transfer selling rates at the end of the annual accounting period quoted by the commercial bank where the Company most frequently conducts transactions at the end of the annual accounting period.

All foreign exchange differences are recorded in the statement of income.

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

(b) Cash and cash equivalents

Cash comprises cash on hand, cash in banks and cash deposits for securities transactions clearing and settlement of securities transaction. Cash deposits for securities transactions, securities transactions clearing and settlement of the customers are separated from the Company's accounts.

Cash equivalents are short-term investments with term to maturity of not more than 3 months, which are readily convertible to known amount of cash and are subject to an insignificant risk of changes in value.

(c) Financial assets and financial liabilities

(i) Recognition

Financial assets and financial liabilities are recognised in statement of financial position when the Company becomes a party to the contractual provisions of the financial assets and financial liabilities.

(ii) Classification and measurement

- Financial assets at fair value through profit or loss ("FVTPL"): see Note 3(d);
- Held-to-maturity investments: see Note 3(e); and
- Loans receivable: see Note 3(f);

Except for covered warrant payables which are classified as financial liabilities at FVTPL as described in Note 3(h), the Company classifies all of its financial liabilities as financial liabilities measured at amortised cost.

(iii) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

(iv) Offsetting

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when and only when the Company has a legal right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

(d) Financial assets at FVTPL

A financial asset at fair value through profit or loss is a financial asset that meets either of the following conditions:

- It is considered by management as held for trading. A financial asset is considered as held for trading if:
 - it is acquired principally for the purpose of selling it in the near term;
 - there is evidence of a recent pattern of short-term profit-taking; or
 - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by the Company as at fair value through profit or loss.

Financial assets at FVTPL are initially recognised at cost which includes the purchase price. Subsequent to initial recognition they are measured at market price or fair value (when market price is not available) with changes in market price or fair value being recognised in profit or loss in the statement of income.

For listed securities, the market prices are the closing prices of securities from the Ho Chi Minh City Stock Exchange and the Hanoi Stock Exchange at the latest trading date prior to the end of the annual accounting period.

For securities registered for trading in Unlisted Public Company Market (“UPCOM”), the market prices are the closing prices of securities from UPCOM at the latest trading date prior to the end of the annual accounting period.

For securities which are unlisted and not yet registered for trading, the market price is the average price of the transaction prices at the latest trading date prior to the end of the annual accounting period but within one month from the reporting date provided by three securities companies which are not related to the Company. In case there are no transaction prices within this period, no allowance is required.

For delisted securities and securities for which trading has been suspended or cancelled from the sixth day onward, the fair value is the book value at the latest balance sheet date.

Investments in equity instruments are stated at cost if there are no market prices and their fair values cannot be determined reliably.

(e) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and a fixed maturity that the Company has the positive intention and ability to hold to maturity, other than:

- those that the Company on initial recognition designates as at fair value through profit or loss;
- those that the Company on initial recognition designates as available-for-sale; and
- those that meet the definition of loans and receivable.

Held-to-maturity investments comprise term deposits at banks and these investments are stated at cost less allowance for doubtful debts.

Phu Hung Securities Corporation

Notes to the financial statements for the year ended 31 December 2024 (continued)

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

(f) Loans receivable

Loans receivable are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

Loans receivables comprise margin loans and advances to customers for the proceeds from selling securities and are stated at cost less allowance for doubtful debts. Allowance for doubtful debts is determined based on the difference between the market price or fair value of the collateral and gross carrying amount of underlying loan receivables at the end of the annual accounting period.

(g) Accounts receivable

Receivables from sales of financial assets and services rendered and other receivables are stated at cost less allowance for doubtful debts.

Allowance for doubtful debts is made based on the overdue status of debts or expected losses on undue debts which may occur when an economic organisation is bankrupted or liquidated; or debtor is missing, running away, being prosecuted, in prison, under a trial or pending execution of sentences or deceased.

The allowance for doubtful debts based on overdue status is made by reference to overdue status as follows:

<i>Overdue status</i>	<i>Allowance rate</i>
From six (06) months to less than one (01) year	30%
From one (01) year to less than two (02) years	50%
From two (02) years to less than three (03) years	70%
From three (03) years and over	100%

For overdue debts, the Company's management also assesses the expected recovery of the debts in determining the allowance.

Allowance for doubtful debts based on the expected losses of undue debts is determined by the Company's management after giving consideration to the recovery of these debts.

(h) Covered warrants

Covered warrants gives its holder the right to buy (call warrant) or sell (put warrant) underlying securities to issuing organisations at a predetermined price, on or before a predetermined date, or to receive the difference between the exercise price and the underlying securities price at the exercise date.

The Company accounts for covered warrants in accordance with the guidance of Circular No. 23/2018/TT-BTC issued by the Ministry of Finance on 12 March 2018, details as follows:

Phu Hung Securities Corporation

Notes to the financial statements for the year ended 31 December 2024 (continued)

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

When issuing covered warrants to investors, the Company recognises an increase in covered warrants payables. The number of warrants allowed to issue are monitored in off balance sheet.

Covered warrants are initially recognised at cost and subsequently measured at fair value.

Cost of issuance of covered warrants are recognised as expense when incurred.

(i) Tangible fixed assets

(i) Cost

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition for its intended use. Expenditure incurred after tangible fixed assets have been put into operation, such as repairs and maintenance and overhaul cost, is charged to the statement of income in the year in which the cost is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

(ii) Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

Leasehold improvements	5 years
Office equipment	3 – 7 years
Motor vehicles	3 – 4 years
Fixtures and fittings	5 years

(j) Intangible fixed assets

Software

Cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible asset. Software cost is amortised on a straight-line basis over 3 to 7 years.

Phu Hung Securities Corporation

Notes to the financial statements for the year ended 31 December 2024 (continued)

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

(k) Long-term prepaid expenses

Long-term prepaid expenses comprise of tools and instruments which include assets held for use by the Company in the normal course of business whose costs of individual items are less than VND30 million and therefore not qualified for recognition as fixed assets under prevailing regulations. Cost of tools and instruments are amortised on a straight-line basis over a period ranging from 2 to 3 years.

(l) Trade and other payables

Trade and other payables are stated at their cost.

(m) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Severance allowance

Under the Vietnamese Labour Code, when an employee who has worked for 12 months or more (“the eligible employees”) voluntarily terminates his/her labour contract, the employer is required to pay the eligible employee severance allowance calculated based on years of service and employee’s compensation at termination. Provision for severance allowance has been provided based on employees’ years of service and their average salary for the six-month period prior to the end of the annual accounting period. For the purpose of determining the number of years of service by an employee, the period for which the employee participated in and contributed to unemployment insurance in accordance with prevailing laws and regulations and the period for which severance allowance has been paid by PHS, ATS and the Company are excluded.

(n) Taxation

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised as expense/income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the end of the annual accounting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using tax rates enacted or substantively enacted at the end of the annual accounting period.

Phu Hung Securities Corporation

Notes to the financial statements for the year ended 31 December 2024 (continued)

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(o) Share capital

(i) Ordinary shares

Ordinary shares are stated at par value. Incremental costs directly attributable to the issue of shares, net of tax effects, are recognised as a deduction from share premium.

(ii) Repurchase and reissue of ordinary shares (treasury shares)

Treasury shares are recognised only in respect of repurchased shares which are aggregated fractions of share arising when the Company issues shares to pay dividends or issues shares from equity reserves in accordance with an approved issuance plan, or repurchased odd-lots of shares as requested by the shareholders. In all other cases, when shares recognised as equity are repurchased, their par value amount is recognised as a reduction to share capital. The difference between the par value and the amount of the consideration paid, which includes directly attributable costs, net of tax effects, is included in share premium.

(p) Statutory reserves

On 17 December 2021, the Ministry of Finance issued Circular No. 114/2021/TT-BTC (“Circular 114”) to abolish Circular No. 146/2014/TT-BTC (“Circular 146”) dated 6 October 2014 issued by the Ministry of Finance to provide guidance on the financial regime for securities companies, fund management companies. Circular 114 is effective from 1 February 2022. Consequently, the Company has ceased to allocate realised profit to statutory reserves since 2022. According to Circular 114:

- The balance of reserve to supplement share capital that has been provided for under Circular 146 would be used to supplement share capital as promulgated under Securities Law No. 54/2019/QH14 and other legal regulations.
- The balance of financial reserve that has been provided for could be used to supplement share capital or distributed in accordance with the shareholders’ decision as promulgated under Securities Law No. 54/2019/QH14 and other legal regulations.

On 20 April 2023, the Company’s General Meeting of Shareholders approved to transfer the outstanding balance of financial reserve to retained profits. As of the date of issuance of these financial statements, the Company has not yet made any decision regarding the outstanding balance of reserve to supplement share capital.

(q) Revenue

(i) *Gains from sales of financial assets*

Gains from sales of financial assets is recognised in the statement of income upon receipt of the order matching reports of securities transactions from Vietnam Securities Depository and Clearing Corporation (“VSDC”) (for listed securities) and completion of the agreement on transfer of assets (for unlisted securities).

(ii) *Dividend and interest income from financial assets*

Dividend income is recognised in the statement of income when the Company’s right to receive dividends is established. Share dividends are not recognised as income.

Interest income is recognised in the statement of income on a time proportion basis with reference to the principal outstanding and the applicable interest rate. Interest income also includes amortisation of discounts, premiums, interest received in advance or differences between the value at initial recognition and par value at maturity date.

(iii) *Revenue from securities brokerage activities*

Revenue from securities brokerage activities is recognised in the statement of income when the securities transactions of the customer have been processed.

(iv) *Revenue from securities custody activities*

Revenue from securities custody activities is recognised in the statement of income when the service is rendered.

(v) *Revenue from securities investment advisory and financial advisory activities*

Revenue from securities investment advisory and financial advisory activities is recognised in the statement of income in proportion to the stage of completion of the transaction. The stage of completion is assessed by reference to work performed.

(r) Interest expense

Interest expense is recognised as an expense in the statement of income on accrual basis.

(s) Operating lease payments

Payments made under operating leases are recognised in the statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the statement of income as an integral part of the total lease expense.

Form B09 – CTCK

*(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

(t) Earnings per share

The Company presents basic and diluted earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to the ordinary shareholders and the weighted average number of ordinary shares outstanding for the effect of all dilutive potential ordinary shares.

(u) Segment reporting

A segment is a distinguishable component of the Company that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Company's primary format for segment reporting is based on business segments.

(v) Related parties

Parties are considered to be related to the Company if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Company and the other party are subject to common control or significant influence. Related parties may be individuals or corporate entities and include close family members of any individual considered to be a related party.

(w) Nil balances

Items or balances required by Circular 334 issued by the Ministry of Finance that are not shown in these financial statements indicate nil balances.

(x) Comparative information

Comparative information in these financial statements is presented as corresponding figures. Under this method, comparative information for the prior year is included as an integral part of the current year financial statements and are intended to be read only in relation to the amounts and other disclosures relating to the current year. Accordingly, the comparative information included in these financial statements is not intended to present the Company's financial position, results of operations or cash flows for the prior year.

4. Financial instruments

(a) Financial risk management

(i) Overview

The Company has exposure to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Board of Directors oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

(ii) Risk management framework

The Board of Management has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Management has established the Risk Management Committee ("RMC"), which is responsible for developing and monitoring the Company's risk management policies. The RMC reports regularly to the Board of Management on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Inspection Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad-hoc reviews of risk management controls and procedures, the results of which are reported to the Inspection Committee.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

To manage the level of credit risk, the Company attempts to deal with counterparties of good credit standing, and when appropriate, obtains collaterals. The management has established a credit policy under which each new customer is analysed individually for credit worthiness before the standard terms and conditions are offered.

Phu Hung Securities Corporation**Notes to the financial statements for the year ended 31 December 2024 (continued)****Form B09 – CTCK***(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

Concentrations of credit risk that arise from groups of counterparties when they have similar economic characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions. The major concentrations of credit risk arise from type of customer in relation to the Company's advances to customers for proceeds from selling securities and margin loans.

Collaterals

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are implemented regarding the acceptability of types of collateral and valuation parameters. The main types of collateral obtained are listed securities and cash deposited at the Company. Management monitors the market value of collateral, requests additional collateral in accordance with the underlying agreement, and monitors the market value of collateral obtained during its review of the adequacy of the allowance for doubtful debts.

Exposure to credit risk

Not considering collaterals, the Company's maximum exposure to credit risk at the end of the annual accounting period was as follows:

	31/12/2024 VND	31/12/2023 VND
Cash in banks and cash equivalents (i)	181,967,755,066	196,820,272,609

Phu Hung Securities Corporation**Notes to the financial statements for the year ended 31 December 2024 (continued)****Form B09 – CTCK***(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)***(i) Cash in banks, cash equivalents and held-to-maturity investments**

Cash in banks, cash equivalents and held-to-maturity investments of the Company are mainly held with well-known financial institutions. Management does not foresee any significant credit risk from these deposits and does not expect that these financial institutions may default and cause losses to the Company.

(ii) Loans receivable and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. In response to the risk, credit limit is established for each customer, which represents the maximum open amount. The limit is reviewed annually. Customers with balances that are overdue are requested to settle the balances before further credit is granted. Customers are obliged to ensure their margin ratio is not lower than the maintenance margin ratio regulated by the Company. In case a customer's margin ratio drops below the maintenance margin ratio, the Company requires the customer to supplement additional collateral in an agreed period. If the customer does not supplement additional collateral, the Company will implement handling measures in accordance with the contract. The main types of collateral obtained are cash deposits and securities. The management of the Company monitors the market value of collateral and requests additional collateral in accordance with the underlying agreement and monitors the market price of collateral obtained during its review of the adequacy of the allowance for doubtful debts.

Loans receivable and other receivables that are neither past due nor impaired mainly relate to a wide range of customers for whom there was no recent history of default. Management believes that those receivables are of high credit quality.

An aging analysis of impaired financial assets were as follows:

	31/12/2024 VND	31/12/2023 VND

(c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The financial liabilities with fixed or determinable payments have the following contractual maturities including the estimated interest payments were as follows:

As at 31 December 2024	Carrying amount VND	Contractual cash flows VND	Within 1 year VND

dated 27 December 2016 of the Ministry of Finance)*

The Company manages its ability to meet the expected operational expenses and servicing its debts by investing its cash surpluses in cash equivalents and short-term deposits at banks.

(d) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's results of operations or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company is exposed to currency risk on borrowings that are denominated in a currency other than the accounting currency of the Company, which is VND. The currency in which these transactions primarily are denominated is United States Dollars ("USD").

Exposure to currency risk

The Company had the following net monetary liability position exposed to currency risk:

	31/12/2024		31/12/2023	
	USD	VND equivalent	USD	VND equivalent
Short-term borrowings	39,000,000	989,388,000,000	66,000,000	1,613,040,000,000
Currency swap contracts	35,000,000	887,184,000,000	-	-
Net currency position	4,000,000	102,204,000,000	66,000,000	1,613,040,000,000

The followings were the significant exchange rate applied by the Company:

	Exchange rate as at	
	31/12/2024	31/12/2023
USD/VND	25,551	24,440

Below is an analysis of the possible impact on the net profit of the Company, after taking into account the current level of exchange rates and the historical volatility as well as market expectations at the end of the annual accounting period. This analysis assumes that all other variables, in particular interest rates, remain constant.

Phu Hung Securities Corporation**Notes to the financial statements for the year ended 31 December 2024 (continued)****Form B09 – CTCK***(Issued under Circular No. 334/2016/TT-BTC
dated 27 December 2016 of the Ministry of Finance)*

	Effect to net profit after tax VND
As at 31 December 2024	
USD (5% strengthening against VND) – decrease in net profit	4,088,160,000
As at 31 December 2023	
USD (3% strengthening against VND) – decrease in net profit	38,712,960,000

The opposite movement of the USD would have the equal but opposite effect to the net profit of the Company.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

At the end of the annual accounting period, the interest rate profile of the Company's interest-bearing financial instruments was as follows:

	Carrying amount 31/12/2024 VND	31/12/2023 VND
Interest-bearing instruments		
Cash in banks and cash equivalents	181,967,755,066	196,820,272,609
Held-to-maturity investments	696,000,000,000	654,213,238,356
Loans receivable – net	2,827,261,242,984	2,921,367,768,104
Deposits at Payment Support Fund	19,464,116,068	16,964,116,068
Other long-term assets	10,079,572,716	10,059,454,943
Short-term borrowings	(1,433,388,000,000)	(1,990,040,000,000)
	2,301,384,686,834	1,809,384,850,080

(iii) Other market risk

Equity price risk is the risk that the market values of equities decrease as a result of changes in the values of individual securities. The equity price risk exposure arises from the Company's financial assets at fair value through profit or loss.

The Company's financial assets at fair value through profit or loss are affected by market risk arising from the uncertainty of the fluctuation of the future market price of these securities. The Company's equity price risk is managed by the management who seeks to monitor the risk through a careful selection of securities within specified limits.

As at 31 December 2024 and 31 December 2023, the Company's exposure to equity price risk is minimal because the Company held insignificant portfolio of financial assets at fair value through profit or loss for the trading purpose.

In 2024, the GMS approved a remuneration package of VND 1,920,000,000 for the BOD and the Inspection Committee, with actual disbursements amounting to VND 1,680,000,000, as stated in the financial budget proposal for 2024. The remuneration of each Board member is disclosed in the audited financial statements of 2024.

Mr. Chen Chia Ken serves as both a Board member and the General Director. Therefore, in addition to his remuneration, he also receives a salary for his executive position.

V. PLANS, ORIENTATIONS OF THE BOARD OF DIRECTORS

Looking ahead, 2025 is expected to be a transformative year for the Vietnamese stock market, fueled by the Government's strong commitment to economic growth and the anticipated upgrade of the market status by Financial Times Stock Exchange from Frontier to Emerging Market. Securities companies, including PHS, have been diligently preparing for these developments.

PHS has introduced a new mobile app, PHS Elite, featuring advanced tools that allow customers to trade and access financial information anytime, anywhere. Additionally, PHS continues to expand its offerings and diversify financial products, such as derivatives and covered warrants, to cater to the needs of both domestic and international investors.

With the company's continue to focus on services, innovation, and products in 2025, solutions for each business segment have been planned by PHS to achieve these goals. Specifically:

- a) Client-centric solutions: elevating the client experience through streamlined onboarding, advanced portfolio management tools, and personalized advisory services.
- b) Digital transformation: enhancing digital offerings with an upgraded trading platform featuring real-time analytics, integrated market news, and AI-powered insights.
- c) Investor education: delivering comprehensive training programs and workshops for retail and institutional clients, focusing on regulatory updates and market strategies.
- d) Advanced technology integration: utilizing AI and machine learning to enhance trading algorithms, optimize risk management, and improve compliance monitoring.
- e) Diversified product portfolio: expanding offerings to include innovative ETFs, structured products, and derivatives aligned with market demand.
- f) Customized solutions: crafting bespoke financial instruments and margin trading products tailored for high-net-worth and institutional clients.

Please kindly consider and approve.

Respectfully,

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Phu Hung Securities Corporation

We have audited the accompanying Report on Utilisation of Capital for the period from 9 December 2024 to 31 December 2024 of the capital raised from the private placement of shares on 29 November 2024 of Phu Hung Securities Corporation ("the Company"), including a summary of significant accounting policies and notes, as set out on pages 6 to 9 (hereafter referred to as "the Report on Utilisation of Capital").

Management's Responsibility

The Company's Board of Management is responsible for the preparation and presentation of the Report on Utilisation of Capital in accordance with the basis of preparation and accounting policies described in Note 2 to the Report on Utilisation of Capital, and for such internal control as the Board of Management determines is necessary to enable the preparation of the Report on Utilisation of Capital that is free from material misstatement, whether due to fraud or error. The Company's Board of Management is also responsible for determining that the basis of preparation and accounting policies used are appropriate.

Auditor's Responsibility

Our responsibility is to express an opinion on the Report on Utilisation of Capital based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Report on Utilisation of Capital is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Report on Utilisation of Capital. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Report on Utilisation of Capital, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the Report on Utilisation of Capital in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Company's Board of Management, as well as evaluating the overall presentation of the Report on Utilisation of Capital.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Opinion

In our opinion, the Report on Utilisation of Capital for the period from 9 December 2024 to 31 December 2024 of the capital raised from the private placement of shares on 29 November 2024 of Phu Hung Securities Corporation has been prepared, in all material respects, in accordance with the basis of preparation and significant accounting policies described in Note 2 to the Report on Utilisation of Capital.

Basis of preparation and restriction on use

We draw attention to Note 2 to the Report on Utilisation of Capital, which describes the basis of preparation and significant accounting policies used for preparing the Report on Utilisation of Capital. The Report on Utilisation of Capital has been prepared to assist the Company to comply with the requirements of Decree No. 155/2020/ND-CP ("Decree 155") dated 31 December 2020 of the Government elaborating of certain articles of the law on securities in relation to report and disclosure of information on utilisation of capital, funds received from the private placement of shares. **SUBMISSION FOR APPROVAL
Development and Business Plan
of the Company for Year 2025**

**To: THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
OF PHU HUNG SECURITIES CORPORATION**

- Pursuant to the Law on Enterprises No. 59/2020/QH14;
- Pursuant to the Current Charter of Phu Hung Securities Corporation;

The Board of Directors (BOD) of Phu Hung Securities Corporation (PHS) hereby submits the proposal of **Development and Business Plan of the Company in 2025** as follows:

In 2025, Company will focus on the sustainable development, balancing between profitability and risk.

1. Brokerage

Amidst the challenging environment, PHS demonstrated resilience in its business operations. In 2024, the securities brokerage revenue reached VND145 billion, reflecting a 3% decrease compared to 2023. Besides, margin lending income declined by 11% to VND278 billion due to lower market interest rates. To counter this, PHS introduced a suite of financial products with competitive interest rates and favorable conditions aimed at attracting diverse customer segments while maintaining net interest margins. To further drive customer engagement, PHS launched several promotional programs targeting individual investors and referral partners. These initiatives successfully attracted a significant number of new clients, reinforcing the company's commitment to growth and customer development. Looking ahead to 2025, PHS plans to enhance business efficiency to create more value for shareholders and strengthen its internal team.

PHS's strategic initiatives have bolstered its market position. In 2024, PHS achieved 8th place in the futures brokerage market on HNX, with a market share of 2.88%, a 8.3% increase from the end of 2023. Futures contract trading revenue also performed better compared to 2023. To sustain this momentum, PHS will enhance customer policies to attract more potential clients and talented sales professionals. Additionally, PHS will promote futures trading within its current sales team, recognizing its importance in enabling clients to profit during market downturns. In parallel, PHS collaborates closely with the Vietnam Securities Depository and Clearing Corporation (VSDC) to ensure secure and efficient business operations, reinforcing its commitment to protecting and enforcing investor rights. This dedication was recognized in 2024 when PHS received the Outstanding Member Award for Futures Trading and Settlement Activities from VSDC, underscoring its strong performance in this domain. Moving forward, PHS will continue to advance professional research, enhance service quality, and create greater value for its clients.

2. Advisory & Underwriting

In 2024, the Advisory Division ("ADV") will continue to carry out internal restructuring, with the goal of diversifying products and services to meet the increasing demands of the market. At the same time, ADV will expand its network of partners and customers by connecting with customers of PHS branches and cooperating with other securities companies and financial

institutions. ADV will also actively engage with and provide consulting services to international customers operating in Vietnam, to leverage our connections with the foreign investors. Additionally, ADV will update its consulting processes to ensure risk control during the implementation of service contracts and the effective storage and tracking of customer records.

In 2025, ADV will maintain its core business strategy of providing comprehensive consulting services to customers, including listing, issuance, and capital mobilization consulting services. ADV will also continue to expand its network of domestic and international investors to meet the capital mobilization needs of businesses. For international customers operating in Vietnam who require advisory on capital mobilization, capital sales, or additional issuance, ADV will actively connect and offer consulting services. At the same time, ADV will continue to improve service quality and enhance professionalism in providing corporate finance and M&A consulting services to improve customer and investor satisfaction. Based on the current situation and available capabilities, PHS plans to focus on developing ADV specifically in the following areas:

- Update and train employees on new trends in listing, securities issuance, and capital mobilization. Ensure that the advisory team has in-depth knowledge and problem-solving skills to serve customers effectively.
- Review and improve the consulting process to ensure efficiency and transparency in service contracts, minimizing risks for both customers and PHS.
- Strengthen connections with financial institutions, securities companies, and international investment funds to expand the investor network for capital mobilization projects in Vietnam.
- Organize or participate in exchange events and seminars with international and domestic partners to build sustainable relationships and explore investment cooperation opportunities.
- Maintain relationships with existing and previous customer while expanding connections with domestic and foreign businesses operating in Vietnam.

Through the above actions, ADV will be able to achieve its goals of maintaining and developing in 2025 by providing professional consulting services, improving service quality, and expanding its network of customer and investors.

3. Dealing

Aligned with the VN-Index's recovery, the Dealing Division prioritized identifying investment opportunities in leading stocks from key sectors and those with unique growth narratives and promising business outlooks. Furthermore, we diversified our portfolio to enhance investment performance and manage risks effectively. By the end of December 2024, our portfolio achieved an approximate return of 13.8%.

The stock market remains an attractive investment channel, bolstered by policy support measures designed to stimulate economic growth in the coming year. Additionally, Vietnam is actively working toward upgrading its stock market status from frontier to emerging by 2025. The removal of the Non-Prefunding requirement under Circular 68 marks a significant milestone, eliminating the long-standing mandate for foreign investors to secure 100% Non-Prefunding for stock transactions, demonstrating Vietnam's strong commitment to this upgrade. Morgan Stanley estimates that international funds could potentially invest up to USD9 billion in Vietnamese equities once upgraded if this transition occurs. Thus, we believe that Vietnam's stock market holds considerable promise and significant upside potential in 2025.

To capitalize on these opportunities, our portfolio has been strategically reallocated in anticipation of market rallies next year. We continue to seek diversification and enhancement opportunities. By implementing comprehensive monitoring of both fundamental and technical factors, we are confident that the Dealing Division will be well-positioned to identify valuable investment opportunities and achieve stronger performance in 2025.

Overall, we remain committed to closely tracking market movements and adopting a proactive stance in pursuing investment opportunities. By fostering close collaboration with the Research Team and leveraging extensive fundamental and technical analyses, the Dealing Division has honed its ability to capture potential capital gains while maintaining a well-analyzed and reasonable risk exposure.

4. Cover Warrant

From 2023 to 2024, the Covered Warrants (CW) market in Vietnam underwent a significant change. The number of CW listings decreased sharply from 229 to 77 (-66.4% YoY), and the number of active issuers dropped from 10 to 4. Although these changes suggest a contraction in market activity and issuer participation, the average daily trading value increased from VND28.6 billion to VND43.3 billion (+51.5% YoY), indicating that there is still strong investor demand for CW.

This situation presents both challenges and opportunities. We believe the market holds long-term potential, and the current challenges will be resolved over time. PHS will aggressively provide the CW product to satisfy the investors' demand in the long term. To achieve this, PHS will focus on enhancing our product offerings, improving liquidity, and building investor confidence. We also aim to educate the market and implement targeted marketing strategies to increase engagement. By staying attuned to market trends and evolving investor needs, PHS plans to drive sustainable growth in the covered warrant market in the years ahead.

In 2024, PHS developed an advanced trading system for CW market-making and hedging and has used it in the market. We expect to expand the CW issuance in 2025. Leveraging the advanced trading system, we can enhance our self-trading ability, accuracy, and efficiency and adopt multiple trading strategies in the market.

With the solid technical foundation we built in 2024, we can expand the trading system to accommodate new trading strategies. We will also expand the trading business to multiple markets, such as the ETF and derivatives markets, to diversify the risk of proprietary and covered warrant trading. Our objectives for the coming years are to build a well-diversified trading business with measurable and controllable risks.

5. Marketing

In 2025, PHS's marketing activities will align with the company's overall strategic direction, focusing on improving service and products quality, and driving innovation to enhance the customer experience.

Building on the foundation established in 2024, the 2025 marketing activities will be systematically implemented with the following key priorities:

- Branding: strengthening brand awareness through creative, multi-channel, and multi-platform campaigns, reinforcing PHS's position as one of Vietnam's leading foreign-invested securities companies.
- Promotional programs: understanding that, besides core service quality, promotional activities and customer appreciation programs are essential in supporting clients on their investment journey. Attractive offers in 2025 will aim to attract and retain new users, expanding the potential customer base.
- Building online user behavior databases: utilizing online measurement tools, as well as establishing a system to track the outcomes of online account-opening campaigns will be a top priority for the Marketing Division in 2025. This will provide a comprehensive view of potential customers, enable data analysis, and personalize services and marketing campaigns to better meet customer needs.

2025 is expected to be a breakthrough year with significant opportunities in the market. Therefore, the Marketing Division will carefully prepare programs and action plans to maximize these advantages, contributing to PHS's continued growth and success.

6. Risk Management

The stock market in 2024 is more positive when the indexes increase. However, due to the influence of domestic and foreign macroeconomic fluctuations, the growth rate is not stable, especially affecting the psychology of investors who are still very cautious. PHS has had flexible risk management strategies from time to time such as: changing force selling ratios; offering suitable products to support business as well as hedge risks during the volatile market period. At the time, control the max loan price and loan ratio in accordance with the legal provisions and the market situation. Besides, risk management strategy had been changed in which margin outstanding structure is mainly allocated on large-cap, fundamental stocks and strong background customers.

Besides, risk management activities, namely margin trading service, which was highly effective. Based on the result of bad debt assessment from margin trading services, we can see that there was no any new bad debt in the past year. Risk Management Division has well-cooperated with Research Division to have advanced analyses of listing companies which is eligible for margin trading and many changes in risk management strategy in order to show effectiveness and flexibility with market changes. Simultaneously with using some data analysis tools developed by the Software department of the Information Technology Division and launching stock pricing models also strongly support Risk Management Division in collecting data quickly, accurately and effectively to submit to the Risk Management Committee.

In November 2024, the decision to allow foreign investors to trade with Non-Prefunding created opportunities for new service development at securities companies. With the anticipated launch of the KRX operational plan, expected to introduce new trading and settlement solutions. Upgrading the stock market will attract investors and increase liquidity. Based on the market situation in 2024 and the Non-Prefunding product for foreign institutional investors, the Risk Management Division has been and is continuing to develop and supplement risk management policies suitable for the general market in 2025.

At the same time, focus more on good fundamental stocks to increase the proportion of that stock in the portfolio of securities allowed for margin trading, furthermore, policies will also focus on improving the process of evaluating margin-traded securities as well as assess customer reputation in order to minimize risks for PHS and customers as well as support the business of PHS

PHS launched derivatives securities trading for four year, with a steadily increasing customer base and has many opportunities to grow up in 2025. Derivative product is increasingly expanded, so the development of risk management strategies in this product needs to be proactive and improved to minimize negative impacts. The main identified risks include: market risk, capital leverage, margin requirement, legal, liquidity, and system risk. Therefore, Risk Management Division will be submitted criteria to control risk in real-time and suitable for the market in order to minimize risks in business activities in the Derivative Market.

Besides in 2025, minimizing risks and support business operations are the most important strategies in risk management operation. In order to ensure those strategies, Risk Management Division will effort to cooperate with Research Division to have advanced analyses of listing companies which is eligible for margin trading and continue to use some data analysis tools developed by the Software department of the Information Technology Division to assist strongly Risk Management Division in collecting data quickly, accurately and efficiently to submit to the Risk Management Committee. Then, we continue apply more diversified margin list with different loan ratio to support safe and efficient business operations and increase competitiveness in the market.

Above of all, Risk Management policies in 2025 must ensure independence, flexibility, uniformity, efficiency and sustainability of business growth and strengthening the company's market position.

7. Information Technology

In 2024, PHS significantly enhanced the customer trading experience by leveraging modern technology and optimizing its trading platform. The company bolstered the security and reliability of its systems to ensure safe and efficient transactions, while IT infrastructure and applications were meticulously prepared for seamless integration with the KRX trading system.

A key milestone was the development of a new mobile app, PHS Elite, that unified stock and derivatives trading into a single platform. By incorporating advanced technology, the app provided users with a smooth, intuitive, and efficient trading experience.

PHS collaborated with Viettel Cybersecurity to conduct a thorough review of system vulnerabilities. Following this, recommended security measures were implemented, and system monitoring capabilities were upgraded. Additionally, targeted training sessions were organized to heighten employee awareness of information security practices.

The company also launched a Business Intelligence (BI) reporting system featuring an intuitive interface with dynamic charts and graphs. This system enhanced data analysis and decision-making capabilities across departments by seamlessly integrating data from trading systems and other platforms. Comprehensive reports reflecting the company's overall operations were generated to support strategic planning.

To further enhance IT infrastructure, PHS upgraded its high-speed servers and networking equipment, effectively minimizing latency. Comprehensive testing, as required by the Stock Exchange and the Vietnam Securities Depository and Clearing Corporation, was successfully conducted to ensure smooth integration with the KRX platform.

In 2025, PHS will prioritize technology investments to advance automated trading tools and optimize its online trading platform. The company aims to enhance operational efficiency and service quality by leveraging cutting-edge technology while ensuring system safety and security through adherence to international standards.

Key initiatives will include substantial investments in automated trading tools, particularly for CW and ETFs.

The online trading system (web-trading) will undergo continuous modernization to address the evolving needs of customers. Enhancements will focus on refining the user interface and user experience. Additionally, the Mobile App will be upgraded with integrated advanced analytics tools and improved charting functionalities to provide a superior trading experience. To strengthen information security, PHS will establish an Information Security Management System (ISMS) compliant with ISO 27001 standards. This initiative will ensure robust information security management and guarantee system readiness for seamless integration with the KRX system when it becomes operational.

8. Human Resources

In the third quarter of 2024, the labor market continued to show positive growth, marked by increases in the workforce, the number of employed individuals, and the average monthly income compared to both the previous quarter and the same period last year. At the same time, unemployment and underemployment rates decreased relative to both the previous quarter and the same period last year.

As technology becomes increasingly embedded in the workplace, it is crucial to reassess how it can be leveraged to enhance labor productivity. The rapid evolution of technology, particularly AI-driven innovations, is reshaping job structures. Jobs requiring fewer skills are increasingly being replaced by automation, while new skills in technology, digital tools, and data analysis are becoming essential. These changes highlight the need for the Human Resources Division (HR) to move beyond its traditional model, adjusting its priorities to better align with the current environment.

In 2025, the Training department will focus on:

- Developing technology skills: enhance technology application skills and programming languages for non-tech employees;

- Career development programs: strengthen employee capabilities through programs and self-development pathways based on the 70/20/10 model;
- Competence evaluation: systematize competence evaluation methods;
- Training program standardization: standardize skills training before, during, and after programs to ensure quality and a positive impact on employee performance;
- Leadership development: implement training programs for directors and middle management to enhance team leadership, management, and strategic thinking.

HR will also integrate the ESG (Environmental, Social, and Governance) message into internal engagement activities, sports events, and cultural programs throughout the year. This will help the company, and each employee gradually recognize their role in social issues and contribute to sustainable development in the future.

The Talent Acquisition department will continue to standardize recruitment processes and candidate assessments to ensure optimal screening. Additionally, the department will focus on standardizing the onboarding process and training pathways for new employees to ensure that new members undergo a structured training program and quickly integrate into the company, keeping pace with work progress. Furthermore, strategies and actions to build and promote the employer brand externally will continue to be maintained, innovated, and updated with new trends to enhance PHS's image among potential candidates.

The Compensation & Benefits department will conduct surveys to gather insights on the current employee experience, which will inform the development of appropriate salary, bonus, and benefits policies. The department will standardize the job classification system as a foundation for building salary and benefits structures, ensuring internal fairness while remaining competitive with the external policies, combined with the development of a comprehensive reward and recognition system to encourage employee achievements, boost motivation, foster loyalty, and create a harmonious work environment that retains top talents. Moreover, the focus will be on refining the performance evaluation system to ensure it is effective, consistent, and fair.

Compliance with Labor Laws, insurance, taxes, and other responsibilities will always be prioritized to ensure the protection of employee rights.

T: is the time of conclusion of approval/rejection of the inspection

T': is the time to conduct the inspection

2. Process explanation

Step 1: Request for inspection, review, appraisal:

- The entity requesting the inspection submits a request to the Inspection Committee.
- Eligible requesting entities:
 - Shareholders or groups of shareholders as defined by the Enterprise Law and Company Charter.
 - State regulatory agencies such as SSC, SE, VSDC, Business Registration Office, Tax Authority, etc.
 - The member of IC.

Step 2: Review request:

- The IC evaluates the request based on the Company Charter, IC regulations, and its annual or ad-hoc work plan to consider the request for inspection at date T.
- IC shall assess whether the inspection request is appropriate and the subject is entitled to request the inspection and make a conclusion. If the conclusion agrees to the inspection, proceed to the next step. If the inspection is not agreed to, respond in writing and state the reason to the requesting unit.

Step 3: Establish the Inspection Team

- Within 05 working days of approval, the IC forms the Inspection Team, specifying members, scope, and basis for the inspection. The decision is sent to the BOD and GD within 02 working days after issuance.
- The Inspection Team is responsible for conducting inspections, drafting the Inspection Report, and reporting the inspection results to the IC.

Step 4: Build inspection plan

- The Inspection Team prepares the inspection plan based on the Company Charter and IC's Regulations and submits it to the Head of the IC for approval. The plan must clearly define the inspection scope, content, and timeframe.
- Within 03 working days, the Head of IC reviews and evaluates the plan based on the inspection request, issues an approval decision, and notifies the BOD and GD. If the plan does not align with the request, the Head of IC instructs the Inspection Team to make adjustments.

- If the inspection is requested by a state authority, the Inspection Team must ensure the plan complies with the regulatory requirements.

Step 5: Conduct inspection and draft report

- The Inspection Team carries out the inspection following the procedures outlined in the approved inspection plan.
- During the inspection, adjustments to the plan may be made based on actual conditions, but only with the approval of the Head of the IC and notification to the BOD and GD.
- Inspection content includes:
 - a. Preparation:
 - Collect relevant documents related to the inspected unit's activities.
 - Select samples of documents, records, and vouchers for review.
 - Request the inspected unit to provide necessary documents, records, and vouchers.
 - b. Inspection execution:

Review and verify the collected documents and records. Compare provided materials to assess compliance with laws, the Company Charter, Resolutions of the General Meeting of Shareholders, BOD, and internal policies.
 - c. Inspection criteria:
 - Ensure all reviewed issues, documents, and records comply with legal regulations, the Company Charter, Resolutions of the General Meeting of Shareholders, BOD and internal rules.
 - Any identified violations or suspected violations must be recorded in the Inspection Report.
 - The Inspection Team evaluates risks and violations, if any, and recommends corrective actions.
 - d. Drafting the Inspection Report:
 - After completing the inspection, the Inspection Team will prepare an Inspection Report, which will clearly state the entire work content, issues, inspection documents, results and conclusions of the inspection. A meeting must be held with the inspected unit to announce the Inspection Report and results.

- The inspected unit has the right to explain and request that the explanation be recorded in the Inspection Record or attached to the Inspection Record in case of disagreement with the conclusion of the Inspection Team.
- In case the Inspection Team and the inspected unit agree on the inspection results and conclusions, the parties shall sign the Inspection Minutes.
- The inspection record must have full signatures of the members of the Inspection Team and the representative of the inspected unit. In case any member of the Inspection Team or representative of the inspected Unit refuses to sign the Record, the reason for refusal must be clearly stated in the Record and the Inspection Team, the remaining members still sign the Record according to normal procedures.
- The inspection record must be submitted to the Head of the IC together with the Inspection Results Report and kept at the IC

Step 6: Report inspection results:

- Within 03 working days post-inspection, the Head of Inspection Team submits the Inspection Results Report to Head of the IC.
- The report includes:
 - Unit overview;
 - Identified issues and violations (if any);
 - Root cause analysis;
 - Proposed corrective actions (if any);

Step 7: Provide feedback on results:

- Within 15 working days, the IC sends inspection results to the requesting entity, BOD, and GD.
- For regulatory inspections, reports are submitted per state agency deadlines.

3. Record keeping

- Reports, Inspection Minutes, and related documents are archived at the IC.
- The inspected unit retains 01 original copy for monitoring and corrective action.
- Retention follows legal requirements.

VI. Implementation provisions

This procedure takes effect from the date of signing and supersedes any previous related processes. Any modifications or additions will be made as necessary based on the company's operational needs, developments, or changes in relevant legal regulations.

All relevant departments are responsible for complying with, disseminating, and guiding the implementation of this process. They must ensure that all employees are informed and strictly adhere to it.
