4. Significant accounting policies

4.1. Recognition of cash and cash equivalents

4.1.1. Record capital in cash:

Cash comprises cash on hand, cash in banks and cash deposits for securities transactions clearing and settlement of the Company.

Cash equivalents are short-term investments with term to maturity of not more than 3 months, which are readily convertible to known amount of cash and are subject to an insignificant risk of changes in value from the acquisition date at reporting date.

4.1.2. Methods of converting other currencies into the currency used in accounting:

Transactions in currencies other than VND during the year have been translated into VND at actual rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the buying rates and selling rates at the end of the accounting period quoted by the commercial bank where the Company most frequently conducts transactions.

All foreign exchange differences are recorded in the statement of income.

4.2. Classification of financial assets: (FVTPL, HTM, Loans, AFS)

4.2.1 Financial assets recognized through profit / loss (FVTPL)

Financial assets are recognized through profit / loss is a financial asset satisfies one of the following conditions:

- It is considered by management as held for trading. A financial liability is considered as held for trading if:
- it is incurred principally for the purpose of repurchasing it in the near term;
- there is evidence of a recent pattern of short-term profit-taking; or
- a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- · Upon initial recognition, it is designated by the Company as financial liability at fair value through profit or loss.

4.2.2 Held-to-maturity investments (HTM)

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and a fixed maturity that the Company has the positive intention and ability to hold to maturity, other than:

- those that the Company on initial recognition designates as financial assets at fair value through profit or loss;
- those that the Company designates as available-for-sale financial assets; and
- · those that meet the definition of loans and receivables.

4.2.3 Loans

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than those:

4.2.4 Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available-for-sale or those are not classified as:

- · loans and receivables
- · held-to-maturity investments; or
- · financial assets at fair value through profit or loss;
- 4.3. Principles and methods of accounting recognition of the value revaluation of investments at market prices or fair value (in the absence of market value) (compliance with the current regulations of the securities laws stock) or historical cost:

1

Listed trading securities are stated at cost less allowance for diminution in value by reference to closing prices of securities from the Ho Chi Minh City Stock Exchange and the Hanoi Stock Exchange at the latest trading date prior to the reporting date.

Trading securities registered for trading in UPCOM are stated at cost less allowance for diminution in value by reference to closing prices of securities from UPCOM at the latest trading date prior to the reporting date.

Unlisted trading securities which are actively traded on over-the-counter market ("OTC market") are stated at cost less allowance for diminution in value by reference to the average transaction price of the latest transaction prices from three securities companies within one month prior to the reporting date.

Unlisted trading securities which are not actively traded on the OTC market are stated at cost, less any allowance for diminution in value considered necessary by the management. The management determines the allowance for diminution in value after giving consideration to cost, market conditions, current and projected operating performance and expected cash flows.

4.4. Principles and methods of accounting of receivables

Receivables from sales of financial assets and services rendered and other receivables are stated at cost less allowance for doubtful debts

The allowance for doubtful debts based on overdue status is made in accordance with Circular No. 48/2019/TT-BTC dated 8 August 2019 issued by Ministry of Finance.

For overdue debts, the management also assesses the expected recovery of the debts in determining the allowance

Allowance for doubtful debts based on the expected losses of undue debts is determined by the management after giving consideration to the recovery of these debts.

4.5. Tangible fixed assets

Cost

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after tangible fixed assets have been put into operation, such as repairs and maintenance and overhaul costs, are normally charged to income in the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditures are capitalised as an additional cost of tangible fixed assets.

Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

· Leasehold improvements

5 years

Office equipment

3 - 7 years

· Equipment, management tool

5 years

· Transportation equipment

3 - 4 years

4.6. Intangible fixed assets

Software

Cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible asset. Software costs are amortised on a straight-line basis over 3 to 7 years.

4.7. Principles and methods of accounting for liabilities

Trade and other payables are stated at their cost.

4.8. Principles and methods of accounting corporate income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the statement of income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the reporting date, and any adjustment to tax payable in respect of previous periods.

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using tax rates enacted or substantively enacted at the reporting date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

4.9. Principles and methods of accounting recognition of equity

Ordinary shares are stated at par value. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

4.10. Principles and accounting methods recognized income and revenue

Income from financial assets recognized through profit / loss (FVTPL)
